RED LARGE PIMPLES ALL OVER FACE

Festered and Came to Head. Scratching Made Sores. Caused Disfigurement. Used Cuticura Soap and Ointment. Face Now Clear.

1413 E. Genessee Ave., Saginaw, Mich. -GET-TOGETHER SOCIAL of a very bad disease of the face without Cuticura Soap and Ointment cured me leaving a scar. Pimples broke out all over my face, red and large. They festered and came to a head. They itched and burned and caused me to scratch them and make sores.

They said they were seed warfs.
At night I was restless from itching. When the barber would shave me my face would bleed terribly. Then scabs would form afterwards, then they would drop off and the so-called seed warts would come back They were on my face for about nine months and the trouble caused disfigurement while it lasted.

"One day I read in the paper of the Catcura Soap and Ointment. I received a free sample of Cutleura Soap and Ointment and it was so much value to me that I bought a cake of Cuticura Soap and a box of Cuticura Ointment at the drug store. In about ten days my face began to heal up. I kept on using Cuticura Soap and Cintment and also. My face is now clear of the warts and not a scar is left." (Signed) Lelloy C.
